- 📄 2019 **Aggregation in Value-Based Argumentation**, Grzegorz Lisowski, Sylvie Doutre, Umberto Grandi, *Proceedings of Theoretical Aspects of Rationality and Knowledge (TARK-2019)*
- 📄 2019 **Social Choice and the Problem of Recommending Essential Readings**, Silvan Hungerbühler, Haukur Pall Johnsson, Grzegorz Lisowski, Max Rapp in *At the Intersection of Language, Logic, and Information*, J. Sikos and E. Pacuit (Eds.), *Lecture Notes in Computer Science 11667*, Springer
- 📄 2018 **Preventing Manipulation in Aggregating Audiences in Value-Based Argumentation Frameworks**, Grzegorz Lisowski, Sylvie Doutre, Umberto Grandi, *Proceedings of Workshop on Systems and Algorithms for Formal Argumentation (SAFA@COMMA)*

Selected research talks

- 2019 **PhDs in Logic**, (With M.S. Ramanujan and Paolo Turrini) “Nominating Representatives in Single-Elimination Tournaments”, University of Bern
- 2018 **ESSLLI Student Session**, “Explainability of Irrational Argument Labelings”, Sofia University
- 2017 **Logic in the Wild**, (With Max Rapp) “Is the triviality of AGM a serious possibility?”, Ghent University
- 2017 **Philosopher’s Rally**, (With Morwenna Hoeks) “Modeling Moral Belief Revision in a Social Setting”, University of Wrocław

2017 5th **LSE Graduate Conference in Philosophy of Probability**, (With Dean McHugh and Max Rapp) “Winning Questions: inquisitive semantics and the lottery paradox”, London School of Economics

 2016 **Experimental Philosophy as Applied Philosophy**, (With Konrad Wisniewski) “Safety Condition on Knowledge - Experimental Study” (poster presentation), Reading

Relevant activities

2020 **Participation in Doctoral Consortium at AAAI-2020**, Mentor: Haris Aziz

2018 **Internship at the University of Toulouse (IRIT)**, Supervisors: Sylvie Doutre and Umberto Grandi

2017 **Internship at the Department of Philosophy, University of Copenhagen**, Supervisor: Klemens Kappel

2016 **Internship at the Faculty of Psychology, University of Warsaw**, Research assistant in the “Intelligence, Cognition, Emotions Lab”, supervisor: Marcin Zajenkowski

Teaching experience at the University of Warwick

Formal Languages, Lecturer: Ramanujan Sridharan , Term 2 2019/2020 , Term 2 2020/2021

Game Theory, Lecturer: Marcin Jurdziński, Term 1 2019/2020, Term 1 2020/2021

Game Theory, Lecturers: Marcin Jurdziński and Paolo Turrini , Term 2 2018/2019

Multi-agent Systems, Lecturer: Paolo Turrini, Term 2 2018/2019

Artificial Intelligence (marking only), Lecturer: Nathan Griffiths, Term 1 2018/2019

Selected travel grants

2019 **Financial support for the ACAI summer school (fee waiver)**

2019 **Financial support for the PhDs in Logic workshop**, granted by the Association for Symbolic Logic

2018 **Financial support for the ESSLLI summer school (Fee waiver and accomodation)**

2017 **Financial support for the EASSS summer school (Fee waiver)**

2017 **Financial support for the ESSLLI summer school (Fee waiver and accommodation)**

Selected awards

2015 **Erasmus⁺ grant**, Financial support for semester abroad spent in Vienna

2013 - 2016 **Rector’s Scholarship for Best Students**, Award granted by Rector of University of Warsaw annually to 5% of best students in each year, basing on academic merit
